OBJECTIVE

My ambition aims to earn a computer science entry-level job. I'm excited about applying my web development, back-end development, and programming capabilities to contribute to the organization flourish. I am enthusiastic to make a significant contribution to a dynamic team as an enthusiastic and meticulous individual who delivers fresh perspectives and an excellent work ethic. I have the motivation to succeed in the technology industry and pursue my keen interest in product and project management, all the while generating a real impact on the projects I participate in. I hold an intense commitment to lifelong learning and a love for excellence.

EDUCATION

All India Shri Shivaji Memorial Society's Institute of Information Technology, Pune

(Pune University) – 8.83/10 GPA

Aug 2023–Present

Bachelor of Technology in Computer Engineering

Coursework: Principles of Programming Languages, Operating Systems, Advanced Data Structures, Python, Java, HTML CSS JS

Pimpri Chinchwad Polytechnic, Pune (Maharashtra University) – 91%

Aug 2020 June 2023

Diploma of Engineering, Computer Engineering

Coursework: Java core & advance, PHP, Microprocessors, Networking, Mobile application development, Python, Data Structures, HTML, CSS, JavaScript

TECHNICAL SKILLS

Java Core & Advance | Spring | Spring-Boot | Hibernate | Python | JavaScript | MySQL | JSP | Data Structures | Object-oriented programming | PHP | HTML | CSS | Problem solving | Responsiveness | Attention to detail | Verbal communication

EXPERIENCE

Syntelligence-tech

June 2024 (Ongoing)

- I'm currently creating and optimizing online apps and building interfaces with PHP, JavaScript, HTML, CSS, and MySQL at Syntelligence. assisting with front-end and back-end development to ensure the success of the project.

Bitmap Technology– Summer Intern

July 2022-Aug 2022

- I worked as an intern at Bitmap Technologies, where I developed and optimized web apps with Java, HTML, and CSS. Assisted with the front-end and back-end work and produced thorough technical documentation to ensure the project's success.

PROJECTS

EV-Charge

- Responsible for the development of the "EV-charge" website, that makes it possible users to reserve a time slot at a charging station. The application uses an innovative algorithm called "RAWT," which was created in-house. This application used **MY-SQL, React.js, and Node.js**.
- Presented this project at **MSBTE'S all Maharashtra project competition** held at Sanjay Ghodawat Polytechnic, Kolhapur. Also presented this project at project competition held at Pimpri-Chinchwad Polytechnic

Garage-Management System

- Created a website for garages that reduces a significant workload of keeping track of vehicles to be serviced, or are being serviced. Allowed users to approach garages virtually and solve issue with their vehicle. This was created using **HTML, CSS, PHP, MY-SQL, JAVASCRIPT**

LAWBOT (In development)

- This is a website created using **HTML, CSS, JAVASCRIPT, JAVA-SPRING, MY-SQL**. It aims at connecting a normal individual with lawyer or a bot that may solve his legal query. The user can take advice from lawyer or bot. He can also file complain using this platform.

Attended a Virtual Internship at Cod soft on JAVA programming

- I developed and optimized desktop app interface while interning at Cod Soft, building user interfaces with Java-Swing, AWT and MY-SQL. produced thorough technical documentation to assist project success in addition to making contributions to the front and back ends

COURSES AND CERTIFICATION

- Completed Spoken tutorial courses by IIT Bombay in JAVA, C++, PHP & MYSQL
- Completed Java advance and Java framework course at seven mentor
- Completed JavaScript certification from Great learning with a self-paced course
- Completed MKCL certification on: 1) Python programming
2) Android application development

LEADERSHIP AND ACHIEVEMENTS

- Pune District Badminton competition winner in AY 2022, Captain and Goalkeeper of school Roll ball and skating team
